

IMS SCOPE

IMS Scope Statement

Maxio Ltd has determined the scope of the IMS, and this is recorded on the IMS Certificate as follows:

'The provision of construction tools and materials to the commercial and domestic sector'.

Location

The scope of the IMS applies to the following geographical location:

Unit B6
Claire Road
Kirby Cross
CO13 0LY
England

Permissible Exclusions

The following clauses of ISO 9001:2015 were determined to be not applicable:

- Clause 7.1.5.2 Measurement traceability. The Organisation neither requires measurement traceability nor the validity of measurement results and does not use calibrated equipment
- Clause 8.3 Design and development of products and services. The Organisation does not undertake the design of products and services within the scope of service provision.

No exclusions are claimed or permitted from the ISO 14001:2015 Standard.

Scope of the IMS

The IMS demonstrates the Organisation's:

- Ability to consistently provide products and services that meet customer and applicable statutory and regulatory requirements
- Protection of the environment and action taken to ensure its activities do not cause pollution
- Involvement of our employees and contractors so they can carry out their roles effectively and with minimum Environmental Impact
- Ability to determine both the external and internal contexts in which it operates and shall monitor and review the issues which arise
- Aims to identify the needs and expectations of interested parties
- Aims to enhance customer satisfaction through the effective application of the IMS, including processes for improvement of the System and the assurance of conformity to customer and applicable statutory and regulatory requirements
- Achievement of IMS Objectives.
